9. The terrier is judged on a combination of time and accuracy. The terrier with the fastest time is not necessarily the winner.
10. The starting point is a natural marked spot indicated by the Judge.
11. The end is a natural marked spot approximately 2-3 feet from the actual quarry. The terrier's time is clocked up until he comes to this spot. This is considered coming up to the quarry for this test.
12. Additions of 1-15 seconds are taken for the following:
 - Backtracking: Runs back over the line/scented trail.
 - Overrunning: Overruns the line at a sharp turn; the harder the drive, the more the correction has to be made.
 - Weaving: Runs from side to side of the line.
 - Swinging: Races in wide circles in hit or miss fashion. Does not follow line directly. Skirts cover, sloppy work.

- Pottering/Loafing: Mucking about on line, goes over line again. Makes check/ change of direction where none exists. Lacks animation. Swings off line at start of check, then waits for someone to find line. Pees on bushes, pokes in holes, wastes time.
 - Babbling: Opens/barks inappropriately off the line or on other game.
 - Quitting: Should be taken off trail and disqualified. • Handler Error: Misleads or distracts terrier. Does not follow orders/rules.
 - Switching Quarry: Dog swings off line completely. Dog runs other quarry/trail.
13. Deductions of 1-15 points are taken for the following:
- Marking Quarry: Should come up to quarry: points off for not going the whole way.
14. BONUS: 10 seconds off time if dog opens on quarry.
